AOC Côteaux Bourguignons - « Cuvée Rose »

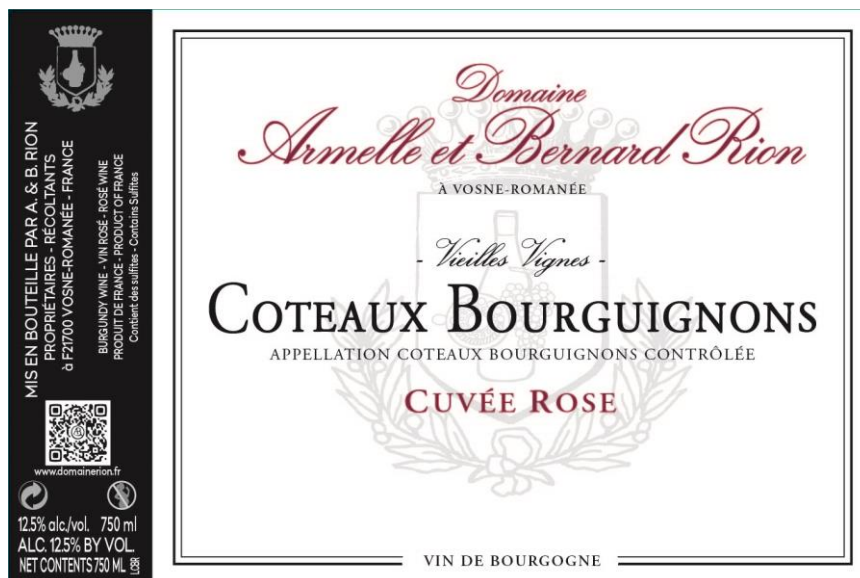

Rose wine made mainly from Gamay grapes.

This rosé wine is ideal for the spring and summer. The vineyard (0.54 hectares) are about 60 years old and are located a few hundred meters away from the winery. For this field and for each vineyard of the Domaine, the family RION makes a sustainable and rational agriculture without insecticide and herbicide.

In the Domaine Rion, even the less prestigious wines are worked and picked by hand. A few days after the harvest, the skins of the grapes will give the juice its nice color. After the press, the must will ferment in the cellar then it will stay about 6 months in a tank.

This dry and fruity wine shows aromas of vineyard peaches and redcurrants. To be served fresh for the aperitive or during a barbecue with grilled meats and summer salads.

Ageing potential: 2-3 years
