Since 2018, the company Bernard Rion Sarl selects grapes from this appellation and vinifies it traditionally using the knowledge of the past generations. After a first beautiful harvest, the Domaine Armelle and Bernard Rion do the fermentation in the winery in Vosne Romanée.

It is in our winery, that the vinification transforms the grapes into a beautiful nectar. First the grapes are fully destemmed, then we do a traditional fermentation in concrete and open vats. After the press, we keep the wine in oak barrel of 228 liters for one year.

# AOC Beaune « Les Beaux Fougets »

*Red Wine from Pinot Noir grape*

This wine is produced with grapes from an unique climat called "Les Beaux Fougets" with really old vines planted in 1902. This plot is located in Beaune in direction of Pommard.

With a rubis color, this wine offers some fresh fruits aromas, such as blackcurrant and blackberry. In the mouth, this wine is dense and complex while staying generous.

From now, it will go perfectly with meats in sauce or traditional meal such as the burgundy beef.

Serve at 18°C (64.5°C)
