

Bernard RION SARL

8, Route Nationale - 21700 VOSNE ROMANEE
Téléphone +33 3 80 61 05 31 Email : contact@bernardrion.fr

Since 2018, the winery Bernard Rion harvests grapes from Côte de Beaune. To optimise the quality of all our wines, we sort out strictly the grapes, exactly the same way from our regional wines to our best appellations.

It is in our winery, in Vosne Romanée, that the magic happens. The fermentation will be with traditional handcrafts in oak barrels of 228 liters. After a family tasting to decide the perfect time, the bottling will be done in the winery. We want to be sure that our wines are ideally matured for your table !

Al'ice

Sweet French Wine

Sweet Wine made with aligoté grapes from the Côte de Nuits vineyards. We harvest at maturity, then the grapes will be frozen to bring out the natural sweetness. Afterwards its fermentation is stopped to obtain a good balance of flavours. The wine is aged for 6 months in 228L oak barrels.

First of all we can smell exotic fruits and a delicate pear aroma. In the palate, the wine is intense and smooth and reveals notes of apple.
