Since 2018, the company Bernard Rion Sarl selects grapes from this appellation and vinifies it traditionally using the knowledge of the past generations. After a first beautiful harvest, the Domaine Armelle and Bernard Rion do the fermentation in the winery in Vosne Romanée.

It is in our winery, that the vinification transforms the grapes into a beautiful nectar. First the grapes are fully destemmed, then we do a traditional fermentation in concrete and open vats. After the press, we keep the wine in oak barrel of 228 liters for one year.

Pommard - Les Chanlins

Red Wine from Pinot Noir grape

This wine is 100% made with Pinot Noir grapes, coming from a single plot between Pommard and Volnay.

This wine reveals a nose on black fruits such as blackberries or blueberries. In the palate, it is greedy, full of black fruits aromas, and also some spices such as pepper. It will end with a hit of animal aromas. We have a complex wine with a significant length.

This wine goes perfectly with lamb or game.

Serve at 18°C (64.5°C)
