Since 2018, the winery Bernard Rion harvests grapes from Côte de Beaune. To optimise the quality of all our wines, we sort out strictly the grapes, exactly the same way from our regional wines to our best appellations.

It is in our winery, in Vosne Romanée, that the magic happens. The fermentation will be with traditional handcrafts in oak barrels of 228 liters. After a family tasting to decide the perfect time, the bottling will be done in the winery. We want to be sure that our wines are ideally matured for your table !

Saint Aubin 1^{er} cru - En Remilly

White Wine from Chardonnay grape

This wine is 100% made with Chardonnay grapes, coming from a single plot called "En Remilly". This plot is a famous appellation of Saint Aubin, located just next to the Puligny-Montrachet appellation and Grands Crus of Chassagne-Montrachet.

This wine offers aromas of white flowers, flint aromas and it will develop honey flavours by ageing. On the palate, if you drink it now, it will be firm and sharp, then it will be ruffling as it ages.

It goes perfectly with red mullet filets and peking poultry.

Serve at 12°C (53.6°C)
