Since 2018, the winery Bernard Rion harvests grapes from Côte de Beaune. To optimise the quality of all our wines, we sort out strictly the grapes, exactly the same way from our regional wines to our best appellations.

It is in our winery, in Vosne Romanée, that the magic happens. The fermentation will be with traditional handcrafts in oak barrels of 228 liters. After a family tasting to decide the perfect time, the bottling will be done in the winery. We want to be sure that our wines are ideally matured for your table !

Savigny Lès Beaune - Les Goudelettes

White Wine from Chardonnay grape

This wine is 100% made with Chardonnay grapes, coming from a single plot called "Les Goudelettes". This field is in the valley, just on top of the village of Savigny.

The nose is slightly smoky, gunflint. The wine is delicate and round in the mouth with citrus note. It is intense and full-bodied. We have a nice complexity; it will go perfectly with exotic meals or classic shellfish.

To be kept maximum 5 years to keep its freshness.

Serve at 12°C (53.6°C)
